## VIRTUAL PROPANE EXPO MAY 28TH BROCHURE

MAY 14, 2020

As you know, the Virtual Propane Expo (VPE) was created in response to the challenges that the Coronavirus has placed on our industry. As such attendance was free so propane marketers could visit vendors or participate in any of the presentations.

As sponsors and partners in this groundbreaking first-ever Virtual Propane Expo, we are proud to make a difference for the propane industry! Check out some results so far:
